Gentlemen

The Rocky Flats Field Office (RFFO) is formally submitting to your agencies the Draft Final Pond Water Management Interim Measures/Interim Remedial Action (IM/IRA) Decision Document. In accordance with the Resolution of Dispute signed by the Senior Executive Committee on April 15, 1994, this document meets the October 14, 1994, milestone date.

In the letter transmitted to RFFO from the Environmental Protection Agency (EPA) on June 26, 1992, regarding development of this IM/IRA, it was stated that "EPA expects the IM/IRA to be developed and released to the public for comments at the same time as the draft renewal [National Pollutant Discharge Elimination System (NPDES)] permit." At this time, EPA has not responded to RFFO's comments on the initial draft of the NPDES renewal permit, and it appears that there is no current schedule for completion of the draft permit. Since the two documents are slated to be released concurrently, the additional milestone dates for submittal of the final responsiveness summary and final decision document will need to be reassessed.

If you have any questions concerning this document, please contact Gail Hill at 966-3424, or Annette Marquez at 966-6247.
